Choose your dares

The three dares I ALWAYS choose and gives me about a 80% success rate are the

Following:1) Pose for a Naughty Photoshoot. (requires Camera)2) Kiss Someone's Ass3)

Streak Naked down the corridor.

The key here was to have a second option that involves everyone naked.

The Dares the ladies choose are:1) Stick Someone's Foot in your mouth.2) Hold Breath for 1 min3) Jump up and down on the bed4) Give someone a lap dance5) Someone must take a spanking6) Everyone Remove Clothing

For each dare use the following options to increase Daisy's Inf1)Stick Someone's foot in your mouthDaisy's

2)Hold Breath for 1 min (only do-able while naked)

Daisy

3)Jump Up and Down on bed

Daisy

4)Give Someone a lap dance

Daisy gives Lisette a Lapdance

5)Someone must take a spanking

Daisy Spanks Lisette

For your dares choose the following1) Kiss Someone's Ass

Lisette kisses Daisy's ass

2) Pose for a Naughty Photo

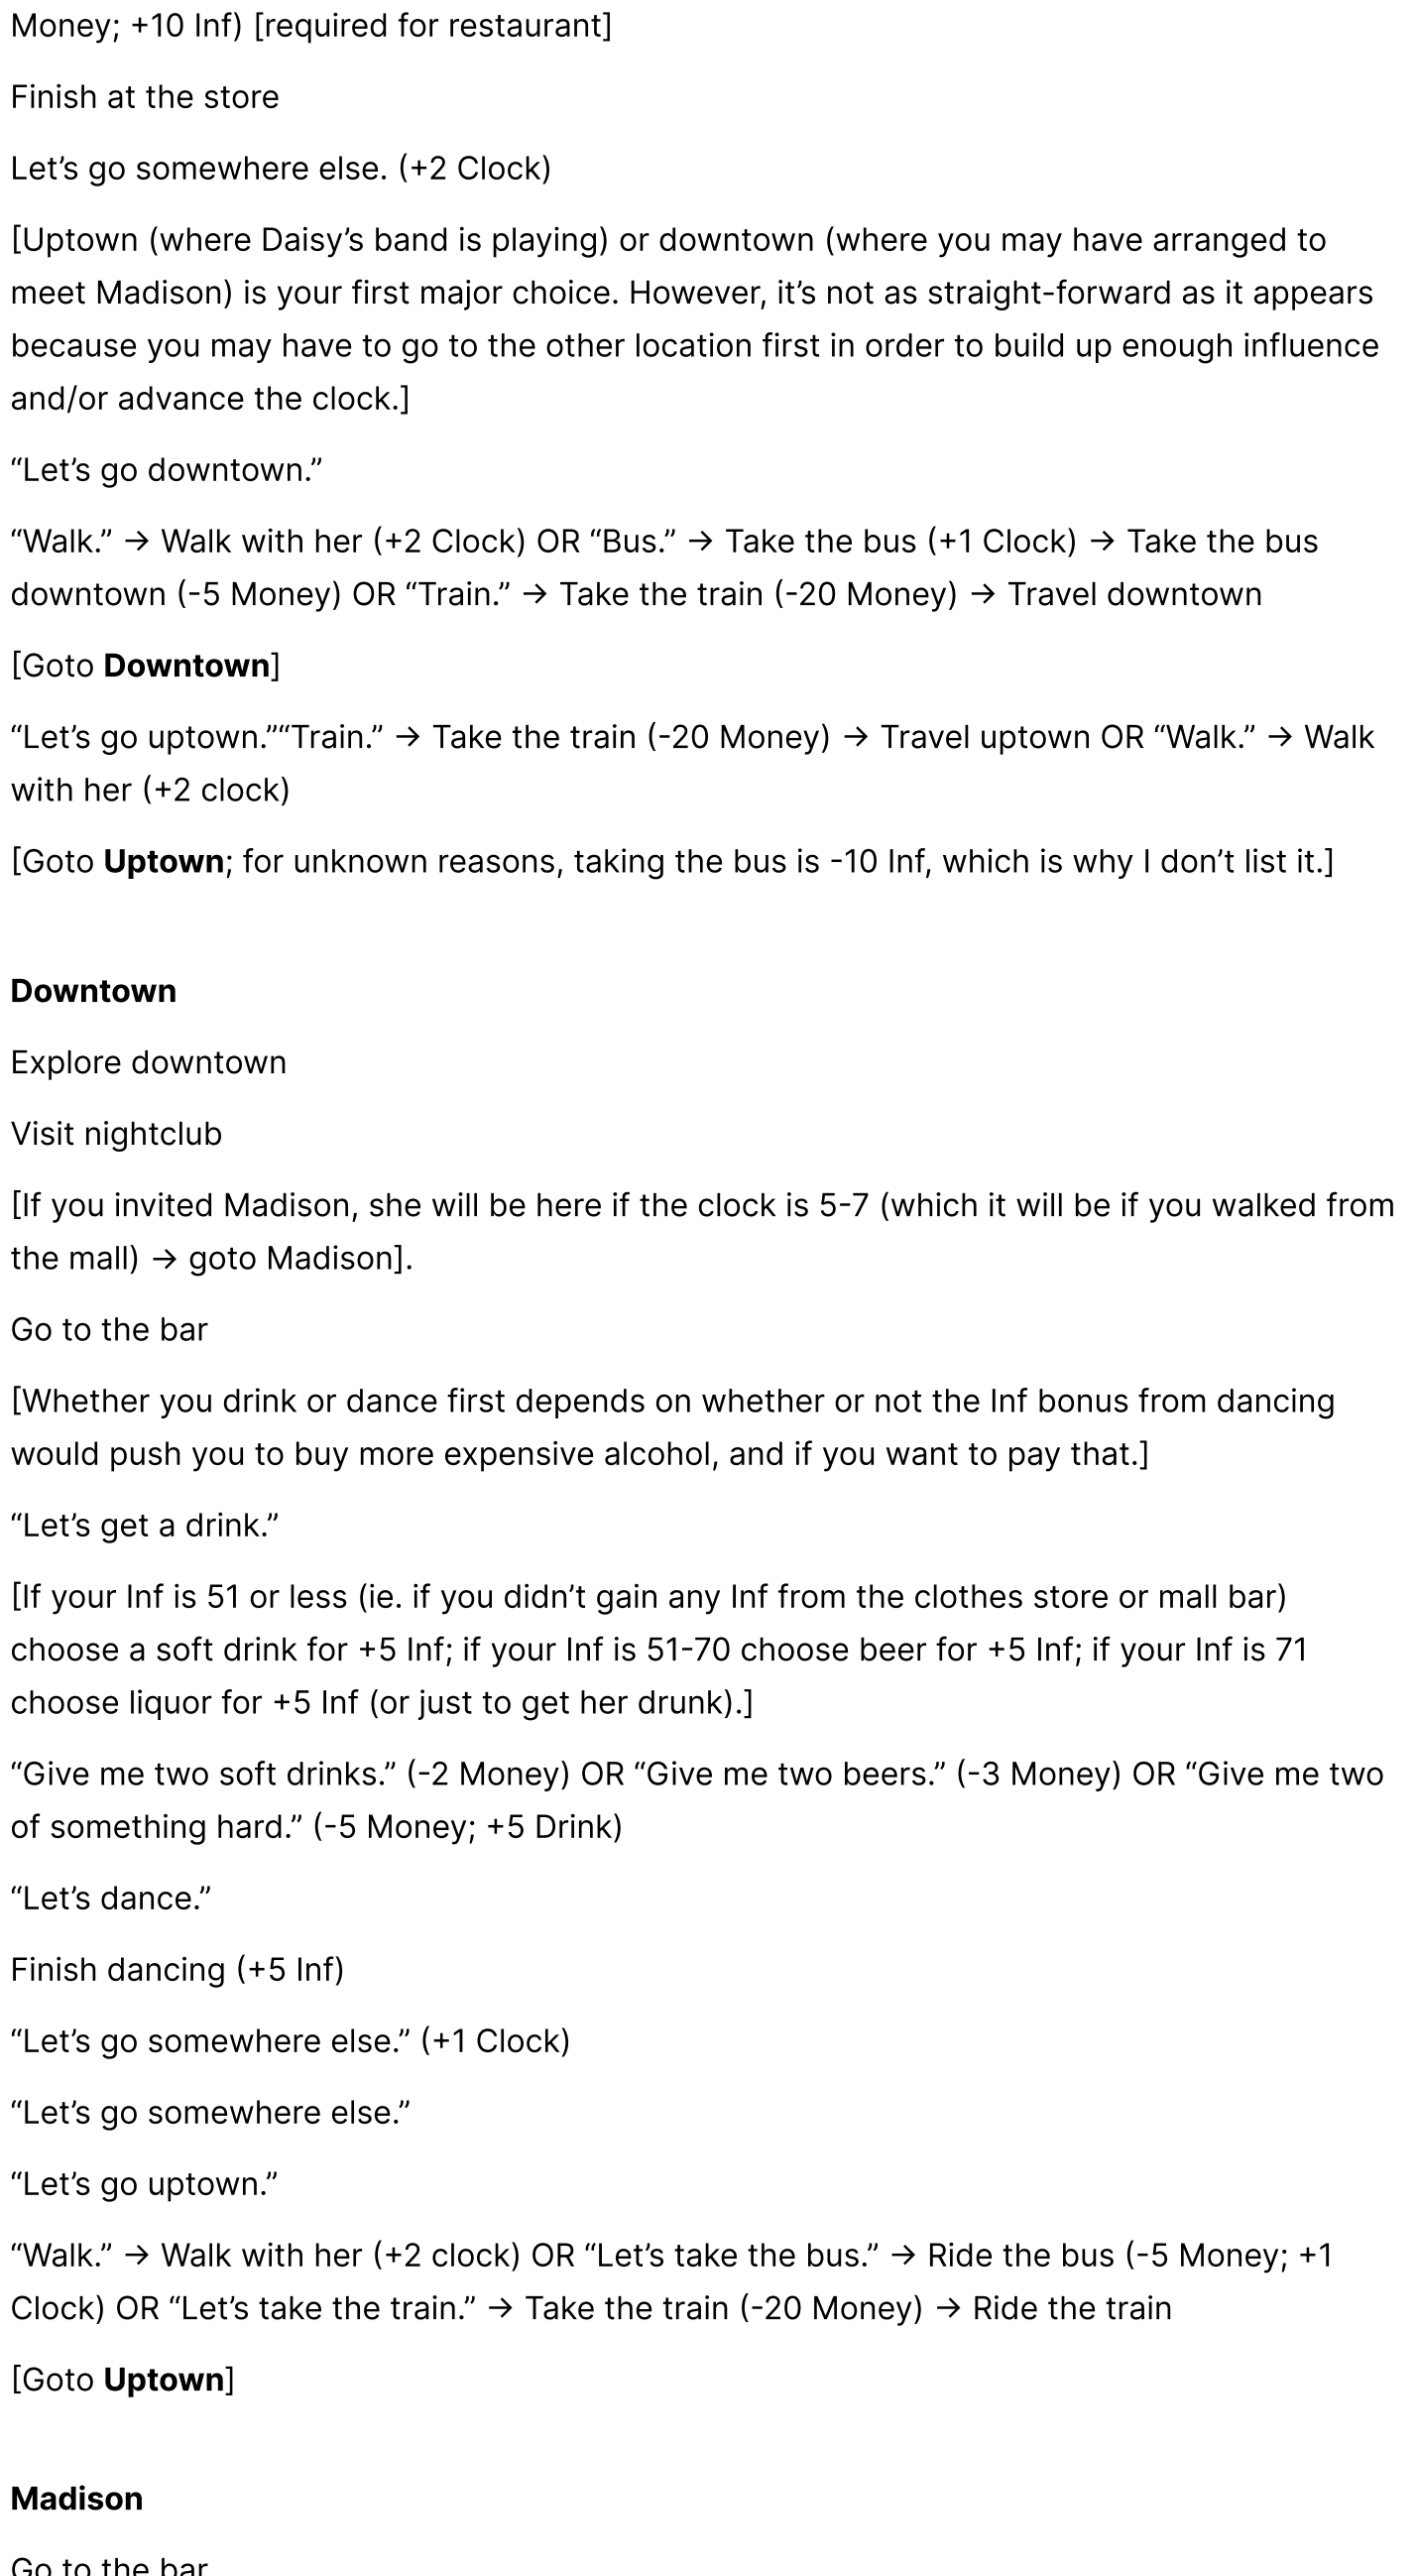

Daisy (I)\* you would think the both pose would increase more\*\* note Lisette inf goes down with this option

Now even with these choices; and attempts the game can screw you over. I have gotten one where the first two dares were remove clothing and streak.

the only way to get the ending is to have them naked and all the dares accomplished with the most inf possible on daisy.

Fun Note:When you first get in the pool with the Two naked ladies. Kiss Daisy first for a secret ending.
